INCIDENT MANAGEMENT

An incident is when something goes wrong or may go wrong

Liberty needs to have a good system in place if this happens.

This is called incident management.

If something goes wrong we need to know so we can try to fix it.

Liberty will:

- Use first aid or call an ambulance
- make sure you are safe right now
- make sure the area is safe
- we will report what has happened
- we will fix the incident if we can or support the people in the incident
- we will follow up to do our best and make sure this doesn't happen again

If it is really bad, we call the police and sometimes we have to report an incident to NDIS or child protection.

FREEDOM FROM HARM, ABUSE AND NEGLECT

You have the right to be free from harm and any form of abuse or neglect. This means you should never be treated badly.

If you are treated badly tell us about it as soon as its safe to do so.

We may need to talk about this to the police and NDIS. This is called mandatory reporting.

Liberty team members respect your rights and have training in supporting people to make a report.

Every Liberty team member completes the NDIS worker screener check to make sure they are safe to work before they start with us.

OHS

Its very important to us we are a safe and healthy space for all visitors and people we work with.

This includes being in our office and any time you are with our team members.

If you see something wrong please let us know so we can fix it straight away.

COMMUNITY PARTICIPATION

Liberty is here to support you to join in the community, feel included and do the things you want to do.

We will support you to do this

We can work with other service providers to make sure you have the right services that you want

The NDIS Quality and Safeguards Commission

The NDIS Quality and Safeguards Commission (NDIS Commission) is an independent government body that works to improve the quality and safety of NDIS funded services and supports.

If you need to speak up about your NDIS funded service – speak to us.

Raising a complaint with us can also lead to better services for everyone.

What complaints can you raise

Concerns about the quality and safety of supports and services.

We take complaints about whether an NDIS funded service has been provided in a safe way and to an appropriate standard.

You can also complain about how an NDIS provider has dealt with your complaint.

If you are concerned about how you will be treated, you can make a confidential complaint.

We handle complaints about NDIS services nationally with the exception of WA, which will be available from 1 December 2020.

Making a complaint

We encourage you to try to talk directly to your NDIS service provider first to resolve a complaint. All registered providers must have an effective complaints management system. If you do not feel comfortable speaking to the provider or are not satisfied with the result of your complaint, please contact us.

Our complaint service is free, completely independent of the NDIS and confidential if needed. We promise to listen respectfully to your situation in full and discuss steps going forward.

In resolving an issue, we may:

- Request information to clarify the issues
- Help you communicate with an NDIS provider
- With your consent, speak to the NDIS provider
- Communicate responses from an NDIS provider to you.

You may withdraw your complaint at any time.

An issue may be referred to conciliation or investigation. Conciliation helps everyone to understand the issues and to reach an agreement on how an issue can be resolved.

An investigation may be conducted if serious compliance issues or risks to people with disability are raised in the complaint.

What complaints we don't take

- Complaints about the NDIA
 - NDIS plan access
 - NDIS participant plans
- Please direct these to the NDIA.

If you're unsure who to contact, contact us and we can help direct you.
