REGISTERED
NDIS
PROVIDER

ABOUT LIBERTY!

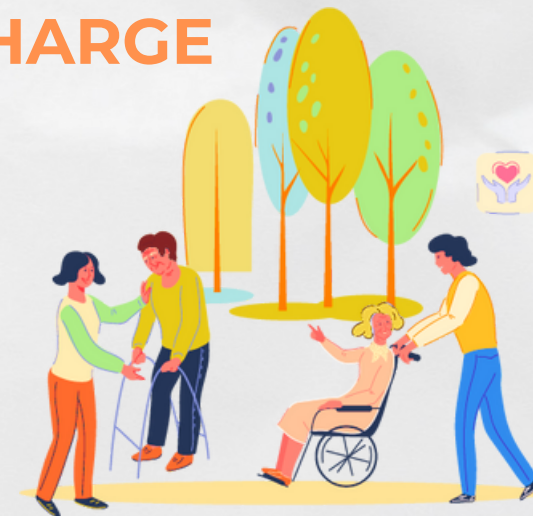

Liberty Disability Services is a division of the Liberty Community Network and is a unique organisation that celebrates disabilities by empowering our participants to embrace being their individual selves.

Our coordinated compassionate care is delivered by a team of passionate and experienced individuals working for you and with you.

We pride ourselves on being an inclusive organisation that welcomes people with diverse disabilities and see challenges as an opportunity to grow!

HOSPITAL DISCHARGE

Liberty's Support Coordination pathways for Hospital Discharge team are experienced and trained to work through collaborations with the participant and hospital care team.

We guide and support participants to secure NDIS funding for discharge from hospital and provide support implementation of NDIS funding post discharge.

Our team work with skilled disability support specialists and therapists, and are proficient in complex disability and medical assistance.

Our team work collaboratively with skilled disability support specialists and therapists, and are proficient in intricate disability and medical assistance.

We offer Support Coordination for Hospital Discharge in the areas of:

- Northern Melbourne
- Eastern Melbourne
- South Eastern Melbourne
- Western Melbourne
- Geelong

SUPPORT COORDINATION

Support Coordination is a service offered by a disability provider that assists participants to use their NDIS plan funding to accomplish your unique goals.

The role of the Support Coordinator is to help you coordinate and support implementation of the following:

- Communicate with NDIS
- Connect you with a range of service providers
- Coordinate your funding allocations.
- Inclusion in your community
- Capacity Building with Allied Health Therapy
- Core supports- Personal care & Community access
- Equipment trials and purchases
- Specialist Disability Accommodation referrals
- Home Modifications
- Transport

The Support Coordinators number one goal is to work with you to enhance your life with supports that empower you!

SUPPORT COORDINATION PATHWAYS - HOSPITAL DISCHARGE

Collaborates with you, your family, the hospital, and your multidisciplinary team to:

- Be flexible to meet in the hospital
- Be involved in large care team meetings
- Coordinate the services required to leave the hospital and return home in a supported and safe environment
- Develop a home transition plan and the assistance to implement it
- Continuous support as you transition into a new lifestyle

HOW DO I GET A SUPPORT COORDINATOR?

If Support Coordination is funded in your NDIS Plan, its as simple as giving us a call or email!

If you are not funded for Support Coordination please still give us a call, we can work out how to support you together.

DO I STILL HAVE CHOICE & CONTROL?

Always! This is your NDIS journey, our role is to support you to work towards your goals! the services you wish to use and connect to.

A support coordinator is there to help you build your capacity and confidence so that you can eventually coordinate your own supports or services.

Contact us for a Support Coordinator!
