Events at the play space

I will be going to an event at the Friend In Me Play Space.

The play space is located at Liberty Disability Services.

The play space is behind this gate.  
When I arrive, the gate will most likely open.

I am welcome to go through, and enter the  
play space.

This is the play space where events are held.

There will be other people there, and I might hear music.

I might also see decorations, bubbles,  
and activities.

If I need to go inside, I can go through these large glass doors.

Inside, I will see some tables and chairs.

If I need to find the toilet, I will go left  
towards the white door.

Before I reach the white door, I will find this brown door on the left.

The toilet is located in a room behind this door.

Inside the room, I will find this wooden door  
on the right.

This door leads to the toilet.

If I need to find the sensory room, I will go down this hall way and enter the first door on the left.

This is the door to the sensory room.

Lauren

Brad

Ash

These are some of the people who might be there.

I can ask these people for help if I need it.
